Bonus Assignment 1: KLM & GOMS

Summer semester 2015

Submission due: to be determined individually

Hand in in groups of max. two.

This is a bonus assignment. It is optional. Each topic may only be worked on by *one* group (FCFS). Each group may only complete one of the following bonus assignments. If you are interested in a topic, please contact me, raphael.wimmer@ur.de¹.

B1: Fix the Wikipedia Article on KLM

The (English) Wikipedia article on KLM could be significantly improved. It also contains incorrect information. Your task is to edit the article so that it is easily readable, comprehensive, and correct. The individual tasks are:

- a) get to know general Wikipedia guidelines (see below)
- b) collect related work on KLM
- c) write an outline containing all relevant sources and important aspects that the article should cover
- d) discuss the outline with me and revise it appropriately
- e) rewrite the article and add links to other Wikipedia articles and external sources
- f) discuss the article with me and revise it appropriately

Points

- 2 Wikipedia article written
- 2 article well written
- 2 structured, iterative approach
- 2 feedback incorporated
- 2 good coverage of external sources and Wikipedia articles

B2: Fix the German Wikipedia Article on KLM

The German Wikipedia article on KLM could be significantly improved. It also contains incorrect information (directly copied from the English version). Your task is to edit the article so that it is easily readable, comprehensive, and correct. The individual tasks are:

- a) get to know general Wikipedia guidelines (see below)
- b) read the (improved) article in the English Wikipedia
- c) write an outline based on the English article, containing additional sources in German
- d) discuss the outline with me and revise it appropriately
- e) rewrite the article and add links to other Wikipedia articles and external sources
- f) discuss the article with me and revise it appropriately

Points

- 1 Wikipedia article written
- 1 article well written
- 1 structured, iterative approach
- 1 feedback incorporated
- 1 good coverage of external sources and Wikipedia articles

B3: Fix the Wikipedia Article on GOMS

The (English) Wikipedia article on GOMS could be significantly improved. Your task is to edit the article so that it is easily readable, comprehensive, and correct. The individual tasks are:

- a) get to know general Wikipedia guidelines (see below)
- b) collect related work on KLM
- c) write an outline containing all relevant sources and important aspects that the article should cover
- d) discuss the outline with me and revise it appropriately
- e) rewrite the article and add links to other Wikipedia articles and external sources
- f) discuss the article with me and revise it appropriately

Points

- 2 Wikipedia article written
- 2 article well written
- 2 structured, iterative approach
- 2 feedback incorporated
- 2 good coverage of external sources and Wikipedia articles

B4: Fix the German Wikipedia Article on GOMS

The German Wikipedia article on GOMS could be significantly improved. Your task is to edit the article so that it is easily readable, comprehensive, and correct. The individual tasks are:

- a) get to know general Wikipedia guidelines (see below)
- b) read the (improved) article in the English Wikipedia
- c) write an outline based on the English article, containing additional sources in German
- d) discuss the outline with me and revise it appropriately
- e) rewrite the article and add links to other Wikipedia articles and external sources
- f) discuss the article with me and revise it appropriately

Points

- 1 Wikipedia article written
- 1 article well written
- 1 structured, iterative approach
- 1 feedback incorporated
- 1 good coverage of external sources and Wikipedia articles

Submission

Submit final version of Wikipedia article via GRIPS until the agreed upon deadline

All files should use UTF-8 encoding and Unix line breaks.

Have Fun!
